## Residents' letter

Eindhoven, August 2022

Dear resident,

You are receiving this residents' letter because you live in the area adjacent to Park Forum in Eindhoven. With this letter I would like to inform you about the fact that at Park Forum a temporary campsite will be set up for the introduction week of Fontys University of Applied Sciences.

I would like to tell you what you can expect from this event and what we are doing to limit any inconvenience.

### **When**

Between Monday, August 22 and Friday, August 26, 2022 the general introduction of Fontys University of Applied Sciences will take place. In this period the campsite is also in use and students are staying there. At various times during the week we will offer activities on the campsite. These are in principle on Monday 22, Tuesday 23 and Wednesday 24 August. We do not expect any nuisance from this and we check randomly in the neighbourhood whether this can be heard. We adhere to the standards set in the permit.

### **Location and terrain**

The site includes the terrain of Park Forum in Eindhoven. We use the fallow land for this. The environment will remain accessible during the build-up, the event and the dismantling. It is possible that you will experience limited inconvenience due to traffic during the inflow on Monday and outflow on Friday. The temporary site is a closed area which is guarded 24 hours a day.

### **Build-up and dismantling**

From Wednesday, August 17 until Sunday, August 21 the build-up will take place. During these times the inconvenience for you will be minimal. From Friday, August 26, noon the dismantling starts which will take place in phases until Monday, August 29 end of day.
